Minutes for April and May meeting presented in August.

NEW BUSINESS:

- **Humanities**

- 1. Course Changes: DIRW 0238, 0327

- i **Sandra Chumchal presenting. Based on revisions of TSIA-2 test, the cut score for enrollment in DIRW 0238 was ineffective in accurately placing students. After consultation with the CRT, new cut scores were proposed. Currently, students in DIRW who earn an F must repeat DIRW 0238. An addendum reading "Students who do not earn a grade of Passing in DIRW 0238 will receive an IP and in the subsequent term will enroll in DIRW 0327 coreq courses unless they earn a grade of C in the credit course (ENGL 1301, etc.)" will be placed in Curriculum to also align DIRW classes with developmental math. Shelly Peacock asked if those who pass their credit course will also have an IP placed on their transcript. Cyndi Klausmeyer also indicated that there may be older courses for developmental courses as they may apply to this new policy and courses may needed to be checked for appropriate prerequisite courses.**
